for this summer's study —

"CURRICULUM RECORDS OF THE CHILDREN'S SCHOOL"

An illuminating set of records, showing the unification of nursery school, kindergarten-primary and intermediate grades in a program of dynamic living.

Detailed outline records of large units of work, illustrating the widening of children's interests and experiences from year to year.

Sketches of various days and tentative daily programs.

Complete records of activities, materials and outcomes in reading, language and arithmetic, for the six grades, with preparatory experiences in the kindergarten.

A comprehensive set of individual records, showing the cooperation of parent, teacher, physician and psychologist in meeting the needs of the individual.
